HIGHER PERFORMANCE,
LONGER LIFE

NORTON NORLINE CUTTING-OFF & GRINDING WHEELS

The Norton Norline Range of cutting-off and grinding wheels offers a choice of high quality metal working products for all rough applications like weld removal, surface preparation, metal removal, reshaping and cutting-off rusted and corroded materials. Norton Norline, bringing its quick and comfortable results, is the perfect choice for the professionals.

Grinding Wheel G-Ratio (Life)

NORTON NORLINE DIAMOND BLADES

The Norton Norline Range of diamond blade offers a choice of high end blades for all type of construction materials. You can choose Segment, Turbo and Continuous according to your working materials. Premium diamond and specifically engineered metal bond will give excellent results as required by today's professionals.

All Norton Norline products are OSA certified, because safety is not an option.
