grain

Rice Whitening Abrasive Rollers

## Excellent performance, improved productivity, longer life.

Grindwell Norton Ltd., India's leading abrasive company, presents a complete range of abrasive wheels for Rice Polishing. Built with Norton's expertise in abrasives and backed by an experience of over 125 years, Norton's Rice Polishing Wheels are the preferred choice of major whitener manufacturers.

Norton's Rice Polishing Wheels are made with high purity and sharp silicon carbide abrasive grains with a long lasting, specially developed bond system. Manufactured at ISO 9000, ISO 14000 and OHSAS 18000 certified state-of-the-art plants, these products are designed to deliver unmatched whiteness, superior shine and reduced broken percentage.

### Features

---

- Close dimensional tolerances
- Individual piece balancing
- Consistent quality
- Long lasting superior bond for longer life per set

### Benefits

---

- Superior whiteness
- Reduced broken percentage
- Lower abrasive cost per ton of rice milled
- Less change over

Cone
